ANTI-DOPING FORM ISSUANCE USER GUIDE

This guide provides all the necessary information to ensuring a successful Anti-Doping form issuance through our Sports Entry Platform for athletes and staff members.

Please bear in mind that all athletes and staff members shall fill out the form in order to enable their National Federations to register them on our Sports Entry Platform. This process must be mandatorily completed once a year.

Let's start from the beginning!

STEP 1: Get on our Platform and select the Anti-Doping section

The new World Skate Sports Entry Platform is ready!

A quick and functional that serves the Technical Commissions, the National Federations and all those that, in several respects, collaborate with World Skate. The Platform is composed of two operational areas:

1. The personal data area that includes a vast database with all the info related to the bodies that compose World Skate, its Continental Areas, Technical Commissions and National Federations. In this area you can find continuously updated data and organize and store documents (statutes, regulations, minutes, letters, etc.).
2. The operational area for the management of the entries for big World Skate events. This area leads to a smoother management of the data flow required for the organization of competitions.

You can download the Platform user guides at the following links:
